

5 Lands Walk Message 2018

We remember to make the past present
We descended from the stars
All of us
The spirit of the stars lives for ever
Brings us together
All of us
Ngurra our Mother Earth lives and gives
There is strength in silence
Silent Yengo, high cathedral
Whispers through the void
The void carries weight
The weight of remembering
The substance of spirit
Spirit of Yi
Dinawahn emu in the sky
Baiyami eagle comes and goes
Fiery footprints ebb and flow
Speaking quietly across time and space
To all of us
All of us
